

# SOCIAL FACTOR

**Carpet and Protective Flooring Designs for the New Workplace**  
Promoting Social Distancing and Enhanced Hygiene

Milliken™

# THE NEW WORK PLACE

## THE NEW WORKPLACE

As governments around the world look to ease lockdowns, companies are searching for safe ways to get their employees back to work as soon as possible. Safety as well as mental and physical well-being are now firmly at the top of the corporate agenda. Employees will demand a safe workplace – they felt secure and protected in their homes, they will want to feel equally safe when they return to the workplace.

### Cultural Change

Companies have a responsibility to create a work environment that minimises the potential for virus transmission. They also have a responsibility to develop a new culture and promote responsible behaviours such as social distancing and enhanced hygiene practices.

# THE NEW WORK PLACE

## THE NEW WORK PLACE

### Visible Safety Guidelines

Employees will be required to play their part and act responsibly. This means companies will need to move rapidly to provide clear guidelines. These new rules must be fast and cost effective to implement, highly visible and easy to follow.

### The Design Challenge

The workplace needs re-thinking and this creates profound new design challenges. The floor plane can play an important role in offering effective solutions. Floor covering can provide the perfect medium for informative communications that can direct traffic flow and indicate the positioning of individuals and furniture pieces. Signage embedded into the floor is impossible to overlook and simple to follow.

# S O C I A L F A C T O R C O L L E C T I O N

## S O C I A L F A C T O R C O L L E C T I O N

To support the culture of the new workplace, Milliken has created ‘**Social Factor**’, a collection of informational carpet tile graphics that can easily be embedded into any carpet tile layout as well as Protective Flooring solutions in complementing designs.

### Floor Covering As a Tool for Safety Messaging

Social Factor offers a cohesive collection of floor signs that promote social distancing and attention to hygiene. Social Factor is a well researched and highly considered carpet and protective flooring collection designed to meet the safety communication needs of the new workplace.

### Quick and Easy to Customise

Social Factor is quick and easy to customise to meet a client’s specific information requirements.

Milliken™

# S O C I A L F A C T O R C O L L E C T I O N

## S O C I A L F A C T O R C O L L E C T I O N

Social Factor brings safety messages to life with lively and imaginative design treatments created to promote a spirit of positivity and commitment to a safe and healthy workplace.

*Key messages include:*

- Stay 2m Apart / Don't Get Too Close To Others
- Walk in this Direction
- Enter and Leave a Meeting Room / Bathroom / Dining Room This Way
- Use this Entrance / Exit
- Wash your Hands

# S O C I A L F A C T O R

Social Factor is presented in 5 design concepts:

Fixated With Stripes

# CHASE THE RAINBOW

## Chase The Rainbow

Rainbows have become a common sight across Europe during the Coronavirus pandemic, as people put up pictures of the beautiful weather phenomenon in their windows to ease an otherwise sombre mood.

To celebrate the spirit of community and recognise the breath-taking work undertaken by the UK's amazing National Health Service, the Milliken design team used the brilliance of Millitron® patterning technology to create an art installation featuring a series of rainbow themed carpet tiles.

Chase the Rainbow uses the work from that art installation as the foundation for the first family of designs in the Social Factor Collection.

These tiles were created for an original art installation. They are not part of Milliken's standard product offer.

RCD-01 Rainbow Circle Distance

RCA-01 Rainbow Circle Arrow

RCH-01 Rainbow Circle Hand Wash

RSD-02 Rainbow Square Distance

RSA-02 Rainbow Square Arrow

RSH-02 Rainbow Square Hand Wash

# SET IN CONCRETE

## Set In Concrete

Inspired by the popularity of concrete as an interior finish, the Comfortable Concrete collection combines the raw urban appeal of the concrete aesthetic with the underfoot comfort of a plush cushion back carpet tile.

Social Factor, Set In Concrete reinterprets Comfortable Concrete into a family of informational carpet designs that combine bold neon graphics with spray-paint graffiti styling overlaid onto a rugged concrete effect background.

## Protective Flooring Promoting Social Distancing

As part of Milliken's Total Floor Covering solution, we also offer a range of protective flooring solutions for entrance ways and other heavy traffic / heavy soiling areas.

The Protective Flooring designs in this collection are available as both Identity Logo Mats and D2™ Identity Logo Mats.

- **Identity Logo Mats** are high quality textile mats with a rubber backing, offered in an array of standard sizes and also custom sizes on request.
- **D2 Identity Logo Mats** offer both the flexibility of conventional mats along with the lock-down stability (magnetic base) and finished appearance of installed entrance flooring. This option is lightweight, functional, easy-to-clean, and anchored to the floor via Milliken's patented Adaptex™ Active Surface technology. Available in 3 sizes, it works as a 2-part design of the D2™ Identity Logo Top and Base.

SOCIAL FACTOR / Chase The Rainbow

CRBOW1 115x200cm

CRBOW2 200x200cm

# FROM THE FLOOR UP

## FROM THE FLOOR UP

In addition to offering an important medium for graphic messaging, the floor covering can provide an effective way to design other important new safety elements into the office layout. As physical distancing requires a different approach to workplace design, the floor covering can provide an effective way to incorporate many important safety practices into the office layout.

In addition to offering a valuable opportunity for graphic messaging, colour and pattern in the carpet can:

- **DEFINE BOUNDARIES**
- **CREATE ZONES**
- **PROVIDE WAYFINDING**
- **SET NAVIGATION**
- **DIRECT TRAFFIC**
- **PROVIDE A MEASURING TOOL**

### **Design and Visualisation Support**

Milliken's team of in-house design, visualisation and well-being experts can help clients work through these new challenges and develop creative solutions.

# SOCIAL FACTOR / Drawn Together

## SPECIFICATION

**Construction**  
Tufted, Textured Loop Pile

**Face Fibre**  
ECONYL® 100% recycled Nylon 6

**Soil Release**  
StainSmart®

**Finished Face Weight**  
490 g/m²

**Gauge**  
47.2/10 cm

**Rows**  
44/10 cm

**Tuft Density**  
207 680/m²

**Finished Pile Height**  
2.5 mm

**Standard Backing**  
Comfort Lite 90% recycled open cell polyurethane cushion backing  
Available with TractionBack® on request

**Nominal Total Thickness**  
8.3 mm

**Tile Size**  
500 x 500 mm

**Nominal Total Weight**
